

# Albemarle CIDERWORKS

## ALBEMARLE CIDERWORKS CIDERMAKER'S CHOICE BATCH # 6

100% APPLE, GLUTEN FREE, LIGHTLY CARBONATED

**NOTES FROM THE CIDERMAKER:** Cidermaker's Choice is a small batch label using experimental blends or rare apple varieties. This batch is made from a blend of Harrison and Dabinett. The Harrison, in our opinion, is the best cider apple that has originated in the United States and the Dabinett is a classic bittersweet apple traditionally used for cider in England and France. This blend of old world and new world apples creates a well balanced and dynamic cider.

**FLAVOR:** White grape, apple skin and black tea with a touch of citrus zest. Mildly tannic with a short finish.

**FOOD PAIRINGS:** Lamb meatballs; salty cheeses; smoked trout.

**ALCOHOL:** 9.0 %

**RESIDUAL SUGAR:** 0.3 %

**ALBEMARLE CIDERWORKS** is a family owned and operated cidery located in North Garden, Virginia. Opened in 2009, Albemarle CiderWorks is the oldest operating cidery in the state. The Shelton family's ciders bring the orchard to the glass through carefully selected apples, chosen from both their orchard and those in surrounding counties. They are focused on producing excellent dry ciders that pair well with food and recall the rich cider traditions of America.
